<ul style="list-style-type: none"> • Available with five units per box • Reportedly easy to use • Can be cleaned 	

Rhein Medical, Inc. (Saint Petersburg, FL), introduced the new Dry Eye Heat Mask for the alleviation of dry eye symptoms. To use, patients simply put the mask in the microwave for 15 seconds, and it stays hot for 15 minutes. A cloth sleeve is included to protect the eyelids, and the mask can be reused multiple times.

EyeSuite Progression Analysis

PRICE	N/A
COMPANY	Haag-Streit USA Inc.
PHONE	(800) 787-5426
WEB	www.haag-streit-usa.com
KEY FEATURES	
<ul style="list-style-type: none"> • Accesses global and cluster progression rates • Includes movie-like animations for demonstrating results to patients • Performs bilateral viewing for a complete picture 	

Using specific and comprehensive graphs, the EyeSuite Progression Analysis (Haag-Streit USA Inc., Mason, OH) performs trend analysis on a computer screen. The EyeSuite integrates into most electronic medical record systems and provides standardized interfaces. It also allows users to import existing visual fields from different perimeters and software. The EyeSuite features color codes that identify levels of change, with a red icon that signals significant worsening. ■
